

Budget (10 points)

- Budgeted items are necessary to the project
- There is some shared cost with the department or school

Project Objectives (10 points)

- The objectives are clearly stated, reasonable, and measurable
- The objectives are clearly related primarily to teaching
- The project is tied to the University's mission statement and strategic plan

Project Significance (15 points)

- The significance is clearly stated
- The background/literature review gives the reader at least an adequate understanding of the problem or why the teaching activity is being undertaken
- The project has the potential to impact a large number of students or a lesser number of students in a significant way

Proposed Teaching Activity - general aspects (10 points)

- The activity is well-outlined and/or detailed
- The activity is related to the project's objectives
- Timelines for the project are included and reasonable

Proposed Teaching Activity – Potential for Growth into Other Areas (15 points)

- A growth plan is included and clearly outlined
- The growth areas are reasonable and the plan appears to be workable

Proposed Teaching Activity - Learning-Centeredness (20 points)

- The proposal explores and/or articulates learning-centered teaching practices

Assessment Plan (10 points)

- The plan is specific and/or detailed and includes timelines
- The plan is related to the project's objectives and reasonable

Impact (10 points)

- Overall, the proposal will benefit VCU
