Changes to your household size and number in college cannot be made unless the change is due to an error in the original reporting on the Free Application for Federal Student Aid (FAFSA) – this is considered a correction. According to federal regulation, if the household size or number in college changes after the FAFSA has been submitted, you cannot change the numbers – this is considered an update.

**1. Please complete the following table with information about your household size and number in college.**

- Include information that was true at the time the FAFSA was submitted.
- Include only those people who you (and your spouse, if you are married) will support, or plan to support, between July 1<sup>st</sup> and June 30<sup>th</sup> of the academic year indicated above.
- Include yourself (and your spouse if you are married).
- Include your children if they receive more than half their financial support from you (and your spouse if you are married).
- Include other people only if they lived with and received more than half their financial support from you (and your spouse if you are married).
- Do not include your roommates.
