

DEPARTMENT OF OTOLARYNGOLOGY

**Head and Neck Surgery
Thursday Conference Schedule**

(Unless otherwise stated, all conferences are held in AD Williams, Suite 402)

November 2008

- 11/06 7:30-8:30 AM **Rhinoplasty for the Resident**
Travis Shaw, MD, VCUMC Department of Otolaryngology
Upon the conclusion of this conference, participants will understand relevant and internal nasal anatomy, be able to perform basic analysis of nasal deformities in terms of underlying anatomy, describe the major and minor tip support mechanisms of the nose, describe internal versus external approaches and indications for each, and understand basic techniques for correcting septal and nasal deformities.
- 8:30-9:30 AM **Neuroradiology Conference**
Warren Stringer, MD, Neuroradiology, VCUMC
In this conference, the diagnostic imaging studies of patients seen during the past two to four weeks are presented and interpreted by otolaryngology residents. At the conclusion of this program the participants will have the ability to analyze and interpret diagnostic imaging studies from the cases presented. A neuroradiologist is present at this conference to assure and discuss interpretations and clinical implications
- 11/13 7:30-8:30 AM **Pathology Conference (Pathology Dept., 6th Floor Gateway)**
Celeste Powers, MD, Pathology, VCUMC
In this conference, which takes place at the pathology lab, the slides of biopsies obtained from our clinical practice during the previous two weeks are reviewed. Residents are to review the slides and the pathologist serves as moderator to assure that the findings are described properly. At the end of each pathology slide review, the pathology attending makes a short presentation regarding the particular case under review. At the end of each pathology slide review, the participants will be able to analyze and describe their findings for the case(s) presented.
- 8:30-9:30 AM **Update on Septal Perforation Repair**
*Matthew Bridges, MD- Clinical Instructor/Fellow - Department of Otolaryngology/Head and Neck Surgery
University of Texas Health Science Center at Houston*
Participants will explore the causes, evaluation, and treatment of septal perforations.
- 11/20 7:00-8:30 AM **Faculty Meeting (no CME credits)**
- 8:30-9:30 AM **QAI/M&M – Closed Conference, Otolaryngology Staff and Residents Only**
Residents, Otolaryngology, VCUMC
At the close of this program, the participants will be able to pinpoint areas of suboptimal outcomes and devise plans for improving and maintaining good outcomes through review of operating room, emergency room, and office/clinic patient concerns
- 11/27/08 **THANKSGIVING HOLIDAY**
