

SHIPPING DANGEROUS GOODS: TRAINING/CERTIFICATION UPDATE

(Updated 05/29/09)

In-House Dangerous Goods Shipping Training Program: As a service to the VCU research community, the Office of Environmental Health & Safety (OEHS) offers dangerous goods training/certification which focuses on shipment of infectious substances, dry ice, and hazardous chemicals through quarterly platform presentations and a distance learning station.

1. Platform Training Presentations:**

- a. March 4, 2009: Sanger Hall, Room 6-032
- b. June 3, 2009: Sanger Hall, Room 6-032 – **CANCELLED – TO BE RESCHEDULED**
- c. September 2, 2009: Sanger Hall, Room 6-032*
- d. December 2, 2009: Sanger Hall, Room 6-032*

* Classroom location may be subject to change. Please contact OEHS at 828-1392 in advance to confirm the location of the training session.

** All training sessions are held from 9:00 – 11:50 a.m.

2. Distance Learning: Individual training/certification can be achieved by utilizing the university's Blackboard Academic Suite. To gain access, please visit the [Training Link](#) on the Chemical and Biological Safety website.

3. Questions concerning dangerous goods should be directed via e-mail to Paul Smith at pasmith@vcu.edu, Mike Elliott at mtelliott@vcu.edu, or Elizabeth Land at eoland@vcu.edu.
