Program Description:	Camp Holiday Trails is a residential summer camp for children with special health needs with a comprehensive recreation program designed to enhance and build a child's self esteem and independence. It has an on-site medical facility that is staffed 24 hours a day with qualified medical personnel to facilitate necessary medical treatment and therapy for campers. Activities include horseback riding, canoeing, swimming, arts and crafts, and drama. Call for further information about our summer and weekend camp options.
