Program Description:	St. Joseph's Villa is a well established center that provides a wide variety of services. The weekend and summer day camp programs emphasize social and recreational skills, and include personal care and safety skills on an individual basis. The after school program provides a structured training plan that focuses upon individual goals to increase each child's independence in self care, socialization, and community integration skills. Call or visit our website for current program information. All programs licensed by DMHMRSAS.
