Program Description:	American Critical Care Services is a JCAHO accredited home health agency offering skilled adult and pediatric nursing care by registered nurses, licensed practical nurses, and personal care by nursing assistants. This service provides care for those under the direction of a physician who need assistance with daily living skills and simple meal preparation, as well as skilled, high-tech services in the home. Services are available 24 hours per day, 7 days per week. Weekly billing is available as well as community resource information.
