4. Enter your Social Security Number (SSN) and Date of Birth; the activation number will default to SSN.
5. Select the Travel Frequency – this is your monthly credit limit. This is your requested limit and may not be the limit established on the card after the personal soft credit check is performed. Travel Frequency:

- \$ 1,000
- \$ 1,500
- **\$ 2,500**
- \$ 5,000

If you need a limit greater than \$5,000 you must apply for \$5,000 and notify your Program Administrator of the actual limit you need permanently on your card. A request through Bank of America will be made and if your personal credit will support the higher limit, it will be established on the card. If your personal credit does not support the higher limit, the limit will be established at the amount your credit will support.

Note: Once an individual liability card request has been created, the potential cardholder must review Term and Conditions. In the case of an application submitted by an Administrator, the cardholder will be notified of card requests requiring Terms & Conditions review via email according to his email frequency settings.
