

## Pre-Nursing Program

2009-10

The first page of this worksheet outlines the prerequisites for being accepted in the Traditional Nursing Program. Students apply for acceptance to the nursing program during their first year while they are completing these courses. Students who do not complete these prerequisite courses shown on page 1 during their first year or who have not been accepted into the nursing program during their first year may continue to take the courses shown on page 2 of this worksheet (and any courses not completed from the first two pages) and apply again for admission to the nursing program.
