

Application Check List

Below is a list of activities students should complete to get ready to apply to start the traditional nursing program during the coming fall semester. It is recommended students start putting their application together in October and submit their applications after fall grades are posted.

- Begin soliciting faculty and others to write letters of recommendation.
- Work on personal statement.
- Study for and retake SAT if score is below 1000.
- Work on personal statement.
- Order transcripts from high school, all previous colleges and universities attended, and scores from the SAT board; have them sent directly to you in a sealed envelope (they must be official). Send the sealed transcripts in with your application.
- Begin completing application and putting together application package.
- Attend an admissions/advising information session or a School of Nursing information session.*
