

# Aged, Blind and Disabled Resources

BPS2340

## Announcing! BPS2340: Aged, Blind and Disabled Resources

Aged Blind and Disabled Resources is a self-paced, online resource designed for ABD Medicaid workers and supervisors. The focus for this project is to provide a quickly accessible aid to help evaluate ABD resources and determine correct countable values. The goal is to help eliminate initial resource evaluation errors, identify those that may already exist in any given case, and help to assure that all ABD Medicaid applicants/recipients receive efficient services.

### After completion of all the individual modules, you will be able to:

- Evaluate any countable value related to home property
- Understand what a reasonable effort to sell property is and its affect on any countable value
- Evaluate jointly owned property
- Understand and evaluate annuities
- Determine eligibility as it relates to life estates
- Understand and correctly evaluate trusts

Available Module as of 2/24/2009:  
Module 1: Home Property

Modules 2-6 coming soon!

You can register for Aged, Blind and Disabled Resources by visiting the Knowledge Center Course Information and Enrollment page. You may access the modules when convenient for you and you can stop and start the modules as you'd like. After you've completed the modules, you can return to reference the material at any time.
